## MONTANA DEPARTMENT OF JUSTICE NON-CMV IMPLIED CONSENT ADVISORY (Operation of non-commercial motor vehicles only)

If you have refused similar testing within the past five years and you refuse again today, your driver license will be seized and your privilege to drive and/or apply for and be issued a driver license will be suspended for one year.  [3] IF DRIVER HOLDS A COMMERCIAL DRIVER LICENSE (CDL): In addition to any actions taken against your non-commercial driving privileges, as the holder of a commercial driver license.  If you refuse this test, your commercial driver license will be seized and suspended for one year.  If you have refused similar testing in the past or have a prior major offense on your driving record and you refuse testing today, your commercial driver license will be seized and suspended for one year.  If you have a driver license issued by another jurisdiction and you refuse to take this test, your non-resident driving privileges in Montana and/or your privilege to apply for and be issued a driver license will be suspended for a minimum of six months to a maximum of life, depending on the class of license that you are holding (non-CDL or CDL) and your current driving record, plus your license will be seized and returned to the licensing agency of your home jurisdiction along with a report of your testing refusal.  [5] You will not be eligible for a probationary driver license during the suspension.  If you refuse testing, you may contest the action taken against your license by filing a petition in a Montana District Court. The action will not be overturned unless you prove that your arrest or the investigatory stop was unlawful or that you did not refuse testing. You may ask the court to restore your driving privileges until the court rules on your petition.  Your test results or testing refusal may be used as evidence in a criminal trial. Additionally, if you refuse testing today, the jury (or judge in a non-jury trial) may infer from your refusal that you were under the influence of alcohol and/or drugs. The inference is rebuttable.
